

REMARKS

By this amendment, claim 1 has been converted from a "comprising" claim to a "consisting of" claim. The specification has been amended to include the reference numerals shown in Figure 1.

Given that the prior art requires much more than claimed by Applicant, it is believed that this amendment distinguishes over the cited reference.

Questions regarding this application may be directed to the undersigned attorney by telephone, facsimile or electronic mail.

Respectfully submitted,

By: _____
